

Our Community is seeking an experienced Development Officer to drive ambition and assist its continued development to at least March 2025.

The overall purpose of the Our Community project is to prepare a **Local Place Plan** for the villages of Cove and Kilcreggan. The aim of our Local Place Plan is to ensure a sustainable development future in terms of the economy, infrastructure, housing, recreation, transport, public services and the response to climate change, whilst recognising the importance of the peninsula's heritage. All for the benefit of the community.

The role is both proactive and responsive, utilising key skills in partnership working, consultation and engagement, networking, project management and capacity building. The role will assist with supporting local organisations and residents to identify issues, needs and solutions to improve the community.

We are seeking an experienced Development Officer who will help us drive this ambition forward providing:

- Proven management experience
- A solutions driven approach
- Excellent communication skills
